14. Whether AQAR was placed before statutory body ?	Yes						
Name of Statutory Body	Meeting Date						
IQAC	04-Dec-2019						
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No						
16. Whether institutional data submitted to AISHE:	Yes						
Year of Submission	2018						
Date of Submission	30-Sep-2018						
17. Does the Institution have Management Information System ?	Yes						
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	College has Computerised Admission system, Accounting, Library Management System, Feedback analysis eportal, Result analysis Software, SSS(Student Satisfaction Survey) software. Information is available at finger tips to make fast decision and execution. and deliver updated data from every module. Various summarized required information are available over this dashboard. School MIS dashboard shows Fee category wise student data, current Transaction data entry details, current admission status for all class, cast category wise statistical report, admission fee summary report, Library status details etc. Every year college is filling online feedback form from Student, Teachers and Alumina and generates required reports. Web site of college is updated and innovative tools are added in website. All the stakeholders are sharing SMC(Social Media Championship). LMS(Learning Management System) is introduced in website.						

## **CRITERION I – CURRICULAR ASPECTS**

## 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Curriculum is the crucial component of any education system irrespective of the education level. All other aspects like learning, teaching, research and development, evaluation, learning resources and infrastructure, student activities and support system rotate around it. Thus, curricular aspects and the best practices linked to curriculum design and development play a very significant aspect of the quality of higher education since the curriculum has a pivotal role in navigating the other elements of quality. The Institute operates its educational programmes in two tiers, namely, the Undergraduate, Post-graduate. All curriculum of programmes of studies are need based and socially relevant. The institute has adopted the Choice Based Credit System (CBCS) for the first year of all under graduate programmes from academic year 2018-2019 as prescribed by Parent University and UGC, New Delhi. The CBCS pattern allows student to select subjects as per their choice and interest. The CBCS pattern offers a wide array of subject options for students to choose from; along with paper on communication skilldevelopment as well as skill enhancement course in particular subject discipline. The different certificate coursed are designed and assigned for focus on employability as well as for Skill development. Student participation and experiential learning has been enhanced to a great extent with addition of diversified skill based certificate courses. The certificate courses conducted in current academic year are cited in chart (1.1.2). Our Thrust in on more use of ICT component in upgrading content and effective delivery of curriculum at different levels. The teaching approaches are planned effectively to awaken curiosity in the mind of the student and train him to think rationally and scientifically and enable him to face the unfamiliar. The Curriculum Implementation encompasses different components, including the delivery of curriculum through resources and instructional practices. Due to the time bound curriculum delivery, program wise and semester wise academic calendar is prepared for classroom sessions, laboratory sessions and as well as for field visits. A continuous assessment method is adopted for evaluation of learners. This includes: periodic internal test programs, activity based assignments, seminars as well as laboratory based tryouts. Owing to planned curriculum delivery along with more transparentassessmentthe overall improvement in Academic effectiveness is visible. Among the learners; the different categories are find out as per their learning ability like- slow learners and advance learners. Special instructional sessions like, remedial coaching and bridge course lecture series are conducted for slow learners. The academic audit is carried out for effective monitoring of curriculum in allotted contact sessions. Wherever possible, remedies also suggested for any laps in management of sessions. Our Educational System is adaptive, goal seeking, and self- curative system. The College Development Committee (CDC) and all stakeholders are continuously involved in safe guarding the interests of the educational processes and maintenance of benchmark standards. The authoritiesalong with IQAC organizes the feedback and monitoring process of the institute. The operating of our feedback mechanisms have established the trustworthiness of the education system, infiltrated confidence among both faculty and students, improved mutual trust . 1.1.2 – Certificate/ Diploma Courses introduced during the academic year

Certificate Diploma Courses Dates of Duration Focus on employ Skill

Teachers		Yes							
Employers		No							
Alumni		Yes							
Parents		No							
1.4.2 – How the feedback obtained is I (maximum 500 words)	being analyzed and utilized for overall o	development of the institution?							
Feedback Obtained									
In the process of continuous assessment and upgradation of the college facilities, resources and various curricular, co-curricular and extension activities, the Feedback Committee facilities the students to participate through feedback from the final year students of each of the course. A questionnaire has been prepared in c-format consisting of 23 questions on variety of aspects like college Facilities, Infrastructure, Classrooms, Laboratories, Library Resources, Reading Hall, Teaching Learning and Evaluation process, Curricular, Co-curricular and Extension Activities etc. Lastly they are provided space to put their suggestions if any. Last year we received 6912 responses from the students on 4 point scale with the value: A for Very Good, B for Good, C for Satisfactory and D for Unsatisfactory. The committee analysed students' responses using a soft programme. The result sought out reads as below: Very Good 61 Good 23 Satisfactory 9.5 Unsatisfactory 6.5 In the light of the analysis and suggestions by the students, the measures are initiated									

accordingly.

informed of the pattern of evaluation system at the beginning of every academic year during the syllabus discussion. • The test papers are printed centrally and the tests are conducted under supervision. • Home assignments, seminars, general behavior and attendance are taken into consideration while evaluating students' performance score. For the students of science faculty, journal keeping of the practical sessions is also considered for continuous assessment. • In addition to the internal test, oral examination, internal assignments, practicals, projects, and seminars are introduced for continuous internal evaluation of the students. • Seminars, quiz, group discussions, open book tests, surprise tests are also organised by most of the departments after completion of particular units. • Students are encouraged to participate in Quiz contests, Poster competitions and Conferences and other co-curricular activities. • The internal examinations test papers are assessed and the results are declared in stipulated time, enabling the students to raise any grievance if any and get it resolved before the marks are finally submitted to the university. • Grievances in assessment, if any are resolved through teacher interaction. Retest is conducted for those students who remain absent during the internal examinations owing to their participation in NCC, NSS, Sports or other camps so as to facilitate continuation of their studies without hindrance.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Considering the affiliating university calendar, the college prepares its own academic calendar every year and makes it available to the students. The academic calendar committee along with Vice Principals work together meticulously to prepare the calendar considering instructional days and other major timeslots such as holidays, youth festivals, schedules of university exams and major annual co-curricular and extracurricular activities viz. NSS and NCC camps. The examination committee, in due course, prepares and finalises dates for internal evaluation and displays the time-table well in advance. Prior to the commencement of the academic year, departments of the college prepare their academic calendar based on the college calendar. This gives clear picture of the available dates for noteworthy activities such as organization of conference, workshops, annual gathering, and internal examination schedule to ensure proper teaching learning transaction and continuous evaluation. Adhering to its academic calendar the college initiates for the activities conducted such as guest lectures, University level competitions, Language and literary festival, social science week, Science Association's programmers. The internal evaluation test papers are assessed within the given period and the performance is discussed with the students as a formative measure. In case of university pattern, the mark-lists are kept ready at the department level and are submitted to the university, online, when the lines are opened. Due to the good work culture, the college hardly faces any difficulties in completing the curriculum and the schedule of internal evaluation as per calendar.

## 2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

## 4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

Assigned Budget on academic facilities	Expenditure incurred on maintenance of academic facilities	Assigned budget on physical facilities	Expenditure incurredon maintenance of physical facilites	
1470000	1271284	1975000	1424165	

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

Physical facility • Class rooms: Policies for Maintenance and Utilization: Regular cleaning and maintenance is carried out so as to provide effective learning environment to the students. Some of the class rooms are provided with the electricity generated by hybrid wind and solar plant present in college campus. Regular cleaning contract is given for outside agency for maintenance of buildings and other facilities. Class rooms are cleaned daily by the non teaching staff of the college. Regular monitoring of electrical and fixtures is done and repaired immediately. Separate contract is given to outside agency for maintenance of computers and LCD facility. Central time table is designed in such a way that there is maximum utilization of infrastructure and class rooms. College is conducted in two sessions, Arts and Commerce lectures are conducted in morning sessions and science faculty lectures are conducted in morning as well as afternoon sessions. Academic • Laboratory: Policies for Maintenance and Utilization:Annual maintenance contract is done for high grade instruments.

Stabilizers are used for instruments .Regular servicing and maintenance is carried out for the instruments. Calibrations of instruments is done. Service engineers from manufacturing companies are called for the repairs if available. Three quotations are taken from different agencies for the repair, and one who can give effective service is given the work. Practical batches are prepared so as to give hands on experience to all the students. Practical are conducted in morning, afternoon and evening sessions for maximum utilization of laboratory space. • Library: Policies for Maintenance and Utilization:Annual maintenance contracts are done for the software used in the library .Proper ventilation is done so as to maintain dry environment near book shelves. Regular dusting and cleaning is done by using vacuum cleaners .Pest control is carried out so as to increase the life of valuables resources of library. Furniture and fixtures are repaired as per the requirement centrally. Library is made fully automated. Computerized issuing and returning of books is done so as to save time. Book

exhibitions are conducted in the library and books suggested by staff members are included in the library .Open access is given to students to the books so as to have effective referencing and exploring of new books related to subjects. Special reading room facility and computers are provided for access to e- content .Library staff conducts orientation and information literacy programs to educate patrons. New arrivals are exhibited on board and screens. Library is kept open in long vacations for the benefits of the students. Qualified staff is appointed in library to guide and help students. Separate computer is provided to student for book search. Social platform is used to notify about the current updates of library. Flip class room was used to educate patrons online through tutorials and videos prepared. • Computers: Policies for Maintenance and Utilization:Maintenance and support are carried out by system administrators. Regular up gradation is carried out for computers and software. Available computers are distributed in departments, office, library and for administrative

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)								
College Student Council representatives actively participate in various activities. They help in coordinating all the events related to academics and other cocurricular Extra-curricular activities, as per the directives of teaching faculty. They do lot of academic administrative work by taking the help of other students. They also motivate other students to take part in the activities conducted by the Institute. They work as a medium between faculty and students. Contribution of the Student Council in Academic Administration 1. Coordination in day to day academic activities at their level 2. Coordination in communicating the information between students and Teaching faculty 3. Coordination in organizing Cultural events 4. Coordination in organizing Sports Games for the students 5. Coordination in arranging Industrial Visits for the students 6. Coordination in inviting the external guest speakers and organizing the Seminars Workshops In Academic College Committees all the student council								

### members are involved. At the time of committee program the work hard and help to the committee chairman amd other members.

## 5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

No

5.4.2 - No. of enrolled Alumni:

100

5.4.3 - Alumni contribution during the year (in Rupees) :

10000

5.4.4 - Meetings/activities organized by Alumni Association :

No Data Entered/Not Applicable !!!

## **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Authority decentralized in the hands of four campus in charge for Arts, Science and Commerce Computer management. separate span of control. various committees comprising of faculty members and representative of students Functioning to carry out different activities for which they formed.

6.1.2 – Does the institution have a Management Information System (MIS)?

#### Yes

#### 6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Industry Interaction / Collaboration	Good ambience with industrialists and reputed institutes is preserved.
Human Resource Management	Staff credits Society is smoothly working. Reimbursement of medical bills is available, TA/DA registration fees are provided for attending academic forums. FDP facility is available. Institute takes special efforts for professional development of faculty members.
Library, ICT and Physical Infrastructure / Instrumentation	Books purchased during the year 1,34,440 eBooks 9,150 Expenditure on - Office Equipments 1,00,600 Physics Laboratory Equipments Nil Chemistry Laboratory Equipments Nil Geography Department Equipments Nil Computers Purchased During the year 1,51,420 Efforts towards quality improvements through maintenance, strengthening of Infrastructure and new construction:

Research and Development	To make overall development of faculty members institution provide freedom to members to attend workshop, conferences, seminars, orientation course, refresher course, short term training courses, college grant duty leave and along with financial aids under different schemes of UGC and university. For research development, institution has constituted separate research committee under which research workshop are organized. To enlightened the participants and researchers university level, state level, national level and even international workshop, conferences, seminar are organized by department
Examination and Evaluation	Our examination Mechanism is well organised. We conduct examinations under disciplined environment. Exam schedules are strictly followed. Also, we are regarded best among all by the NMU because, Percentage of dealing with unfair means has been very less in our college.
Teaching and Learning	At the meeting of student's council we welcomed student views and suggestions for improvements. We encourage students to make interaction with senior and experienced teachers. As a result students actively take part in Group discussion, personal Interview, paper presentations, conferences and seminars. Industrial visits were organised for students by various departments for giving practical knowledge to our students. Remedial Coaching for slow learners, Separate center is established to facilitate students for preparation of competitive examinations. Our teachers are using ICT to make teaching more effective. At the meeting of student's council we welcomed student views and suggestion for improvements. We encourage students make interaction with senior and experienced teachers. As a result students actively take part in Group discussion, personal Interview, paper presentation, conferences and seminars. Industrial visits were organised for students by various departments for giving practical knowledge to our students. Remedial Coaching for slow learners, Separate centre is established to facilitate students for preparation of

	competitive examinations. Our teachers are using ICT to make teaching more effective.
Curriculum Development	During this year members have participated in syllabus framing workshops, and the teachers representing on Board of Studies and other statutory bodies have positively contributed to the reformation of syllabi in KBC N.M.U. Jalgaon

.2.2 – Implementation of e-governance in areas of operations:						
E-governace area	Details					
Planning and Development	Ø News regarding the various functions are published. Ø College have also designed a distinctive website of its own. Ø Every year Tarang magazine of college communicates immense informations. Ø Industrial visits are arranged every year to comply research work through which we interact with small and large scale industries. Ø Regularly the performance reports are submitted to university and UGC. College also connected with UGC through internet.					
Administration	Ø Views of employees are welcomed at meetings Ø Written and oral reports are communicated to higher authority Ø Parents teacher meeting.					
Finance and Accounts	ØAccounts are maintained through software ØHead wise expenses are displayed					
Student Admission and Support	Ø For internal communication notices and information is displayed on notice board and circulated individually. Ø Policy framework is published in prospectus. Ø Meetings with students council.					
Examination	Ø Examination time table alert are displayed at website Ø Notices about exam Hall ticked and exam form displayed at notice boards and websites					
5.3 – Faculty Empowerment Strategies

7.1.7 – Initiatives taken by the	e institutio	n to make the cam	pus eco-friendly (at	least five	)	
Being a part of environment consciousness of the college, thewaste management strategy of college is addressed. There are mainlythreesections in the college						

i.e. Arts, Science and Commerce. As per the faculties of college, every department has different types of waste material. In Arts faculty, there are departments of Marathi, Hindi, English, Economics, Geography, etc. These departments have only solid waste such as old stationary, old papers, etc. and they are shifted to record room for further action. In Commerce and Management Department, also there is solid waste of papers, stationaries and the sameare also shifted to record room. In science faculty, there are Physics, Chemistry, Biology, Botany, Zoology, Bio Technology, Computer Departments. These departments have solid waste , liquid waste and e-waste also. • Physics and Computer department- Solid and E-waste. • Chemistry Department- Solid and Liquid Waste • Biology, Botany, Zoology, Bio-tech Department- Solid and Liquid Waste. Regarding E-waste, they are either resold or sold as scrap. The waste of paper is also sold as scrap by record room. For toilets sewerage system is there. 1. Waste Management Waste management is very much needed for saving the beauty of nature. It his helps college to maintain the eco-friendliness in the environment. Our college campus is always clean due to continuous maintenance of campus. i) Solid Waste Management: Each and every department belongs to solid waste. All the solid waste material such as stationeries and all are forwarded to record room and other paper waste is burned by fire. Some Paper waste is also sold in scrap or in some extent we make reuse of it for more utilization of papers. There isvermi-compost plant in college. All types of plant waste, food waste and other wastes are used in this compost fertilizer plant. This fertilizer is used in all plants of college. This is one of the important activity of college which increases theimportance of natural resources and avoids the use of chemical fertilizer. It is an eco-friendly activity of college. ii) Liquid Waste Management: Chemistry departments also generates liquid and solid waste. Chemistry has different chemicals for different practicals. All chemical waste is disposed off properly for security of students and staff. iii) E-waste Management E-waste is occurs in every department. Because of the modernization in working methodology, every department has E-material. But all type of e-waste is sold as scrap or sold to other people who can make the utilization of these e-resources. Due to the technological advancement, some e-resources become outdated. Due to this, these resources are exchanged with new material and the old material is sold out. Other than this departmental waste management, college always maintains college campus neat and clean. There are dustbins in every corner saying "USE ME". This strategy reminds every student and staff member to maintain cleanliness in the

#### 7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Practice No. 1 Title of the Practice: Maintenance of Eco-friendly Campus The Practice: Everyone is aware of the need for clean and green environment. Government rules relating to environment are to be abided byand as an institution committed to responsibility of keeping environment clean, the college too has and is maintaining eco-friendly environment. i) Planting of Trees: The college since its inception has given importance to planting trees. Various types of trees and plants are planted. In all there are 36 different types of trees planted - like Bottle Brush, Neem, Wood Apple, Ashoka, Jamun, Sisam, Banyan, Royal Gold Mohar, Behada, Moha, etc. A botanical garden is developed which not only facilities studies but also acts as an environment friendly endeavor of the college. This garden consists of 80 medicinal plants like tulasi, halad, nirgund, anjeer, pipli, sitaphal, aloveera, adulsa, etc. to name a few. i) Maintaining Lawns: Two big lush green lawns are there within the campus. One lawn has a fountain too. They are soothing to the eyes too. A fulltime gardener is appointed to look after the lawns and trees and thus they are all well maintained. The grass is cut regularly and the boundary of lawns is full of plants. iii) Keeping Campus Clean: Dustbins are installed at various

places in the campus. Students and staff of college are regularly reminded to throwing waste in the dustbin. Sweeper is appointed to keep the campus clean. iv) No Plastic: The college condemns the use of plastic. There is a ban on its use. All - staff and students, are told of not to use polythene bags. Even gifts are given in cloth bags and not plastic bags. Tiffin of staff and students are also in cloth bags. Practice No. 2 Title of the Practice: Village Adoption The Practice: The college is surrounded by many rural and tribal areas. Though the government is taking efforts for developing villages and providing educational facilities but these issues to not trickle down to the grass root level. The college organized a survey of such areas by college staff and the neediest village where majority belong to Banjara community was selected. This tribal village - MahadeveMaal near Kurha Panache coming under Bhusawal Taluka was selected. Through the social surveys conducted by the college, this thing is apparent in the conclusions. The students, even their parents are willing to opt for higher college but inadequate finance forces them to this condition. The college feels that development of villages is crucial to development of the country. The college decided to adopt one village at a time and once it is sufficiently developed the plan is to adopt another village and so on. The college aims at overall development of the village green environment, cleanliness and education. The staff and students visited the village and in the year 2018-19and have undertaken the following activities: create awareness about health and hygiene. i) Cleaning of Village and its Awareness Students visited the village and other than creating awareness, also swept the village for cleanliness. ii) Distribution of various Educational Requirements of ZillaParishad School Distribution of following educational material to each student of primary class (1st to 4th Standard) of ZillaParishad Primary School 1 Compass 1 Pencil 1 Rubber 1 Pen 3 note books 2 registers 1 Pouch 1 Mathematics book iii) Tree plantation The college undertook tree plantation in the village for making it more green. iv) Maintain Hygiene : Toilet blocks were constructed for the village at the cost of Rs. ----Awareness of safe drinking water too was done.

#### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The college carries the Mission of "Achieving Excellence in Higher Education for Nation Building" and a Vision of "Committed to Excellence in Higher Education to Empower Youth with Modern Views, Foresight and Global Competency Along with Social Commitment for Nation Building." These are not just for statements. The college has taken many steps which will help towards fulfilling its vision. It is the journey towards excellence with an attempt to make India strong. The points of distinctiveness of the college are: • Regular lectures • Conducting internal exams and assignments seriously like an external exam • Interactive sessions • Power Point Presentations of topics to be taught • Industrial visits and educational tours for students by various departments • Students can learn managerial skills most appropriately through event management. Thus, students are given a chance to organize events, conduct programs, etc. to get knowledge of event management. • Students are encouraged to take part in competitions - elocution, debates, rangoli, statue making, etc. • Personality Development and Communication Skills workshops are organized for students to help them develop their personality. • An attempt is made to impart latest information and knowledge through talks, seminars, workshops, conferences • Students participate in Avishkar - a way to develop research

aptitude through poster presentation or model making. • Efforts are made to imbibe research aptitude in students. • Committing to Institutional Social Responsibility through students by way of NSS, and Rotaract Club of the college. • Career Guidance and Counselling is undertaken. Regular lectures are held. • Importance is given to health. Sports department also very active. • College tries to developwisdom and reasoning and removing Social Evils in the minds of the students • Quality of teachers affect quality of education. Teachers are encouraged to do research and attend conferences, seminars and workshops.
