

Abstract :

Original Research work from researchers is invited in the form of abstract for oral and poster presentation in the conference. An informative abstract of original research work explaining in brief the method, results, discussion and significance of the work in the field not more than 400 words is to be sent. The abstract must be prepared using MS Word in Times New Roman font. Format of the abstract should be as: title (14 font size Bold), Author name (12 font size) and affiliation, full address and email (10 font size) and text (12 font size) The Name of presenting author should be underline. The abstract should be submitted through email to : cpcsnahata (at) gmail (dot) com. The submitted abstracts will be subjected for peer review through internal committee.

Registration Fee

- UG/P. G. Students : Rs.300/-
- Research Students : Rs.400/-
- Faculty / Scientist : Rs.500/-
- Registration Fee can be paid by **Cash/Cheque/NEFT** to the account mentioned on the conference website.

Important Dates :

Start of abstract Submission & Registration	July 15, 2019
Last date of abstract Submission	September 15, 2019
Notification for acceptance of abstracts	Within 7-10 days from the participant's abstract submission date
Last date of registration	September 10, 2019
Conference Date	September 27, 2019

About the Conference

Chemistry is a branch of Science Which deals the Properties of individual atoms, how atoms form chemical bonds to create chemical compounds, the interactions of substances through intermolecular forces that give matter its general properties, the interactions between substances through chemical reactions to form different substances and devising new synthetic methods.

Thus, in order to review the modern developments in the experimental as well as theoretical chemistry, it is planned to organize a national level conference on the frontier areas of chemistry and its various branches. The conference will focus on the development of the new spectroscopic methods for studying molecules, theoretical methods, synthesis routes as well as applications thereof.

Considering the rural background of the institute this conference will serve platform for the college level researchers and students, to learn and know about the recent advances in various fields of chemical sciences.

Theme Areas of Conference

- Theoretical and Computational Chemistry
- Molecular Spectroscopy and Photochemistry
- Chemical Kinetics and Reaction Dynamics
- Material Science and Nanotechnology
- Organic Synthesis
- Green Chemistry
- Natural Products and Supramolecular Chemistry
- Bioinorganic Chemistry
- Bioorganic and Drug Chemistry
- Catalysis & Organometallic Chemistry
- Polymer Chemistry
- Environmental Chemistry

About The Department

The Bhusawal Arts, Science and P.O.Nahata Commerce College, Bhusawal is affiliated to North Maharashtra University, Jalgaon. Our College got accredited in 2001, 2008 and in 2014 consecutively and achieved, A (CGPA 3.28) and A (CGPA 3.30) respectively. Chemistry department runs both B.Sc. Course in Chemistry as well as M.Sc. Courses with specialization in Analytical and Organic Chemistry. Department of Chemistry is the recognized research Center by North Maharashtra University. Department is equipped with advance instruments such as UV-Vis double beam spectrophotometer, FT-IR Spectrophotometer, Atomic Absorption Spectrophotometer, Digital Polarimeter etc.
